Roads to Reuse: Local Government Incentives Program

The Waste Authority aims to build on the success of the ongoing Roads to Reuse (RtR) program by encouraging the use of recycled construction and demolition products by local government authorities.

The \$350,000 Roads to Reuse: Local Government Incentives Program encourages the use of recycled C&D products by providing an incentive payment to local governments that use RtR products from accredited RtR suppliers.

Please refer to the [program funding guidelines](#) and complete each section of the application where required.

For any enquiries regarding the guidelines, or questions in this application form, please contact the program coordinator on 6364 6945 or at wastegrants@dwer.wa.gov.au
